Second FYP – Rehabilitation of Forest Area
Scheme of revision of the unorganised Forests of Kanara
[App. F. III 2

Mysore Government Secretariat

File No. AF 9 || FYP of 1957.

Serial No.

1) Diary no 2562.

2) A scheme for the revision of the unorganised Forests in Kanara was sanctioned by the Govt. of Bombay and the same was implemented during 1956-57. The total cost of the scheme is estimated at Rs 4,39,000/-. Rs 1,05,437/- has been expended during 1956-57 and a sum of Rs. 1,32,844/- is proposed to be spent during 1957-58. This amount has been provided in the budget for 1957-58. The extent of unorganised forests in North Kanara District in the various forest Divisions is given below:-

Kanara North Division:	316 sq. miles
Kanara Eastern Div:	304 "
Kanara Western Div.:	649 "
	1269 sq. miles

The area covered under enumeration survey work till 31.3.56 was 21.60 sq. miles at a cost of Rs 6373/-. During 1956-57 an area of 86.45 sq. miles was covered under enumeration at a cost of Rs 19832-8-0. The work was suspended from 16.2.57 for want of funds. Thus an area of 741.95 sq. miles still remains to be enumerated. The total area needing enumeration being 850 sq miles.

3) Work will continue during 1957-58 in the remaining parts of the unorganised forests in Kanara Eastern Division which has an area of 141.95 sq. miles still left over un-enumerated. Annually 70,000 acres or 109.40 sq. miles is proposed to be covered under survey and enumeration & Revision, a gross area of 280,000 acres or 437.60 sq. miles would be covered during the remaining plan period from 1957-58 to 1960-61.

Note.—Contn. Sheet

Serial No.

4) Details of expenditure to be incurred during 1957-58 is given in appendices A to D. The ~~different~~ break up of the expenditure is as follows:-

(i) Survey & demarcation .. 46,725/-

(a) 105 labourers @ 4/- per day each for 7 months = 44,100/-
(b) 5 Mukadams @ 2/8/- per day each for 7 months = 2,625

(ii) Establishment .. 69,175-0-0

(a) DFO 1
(b) RFO 4
(c) Ranger-Surveyor 1
(d) Surveyors 5
(e) Surveyors 10
(f) Orderly Guards 5
(g) Senior Accts 1
(h) Clerks 3
(i) Peons 3

(iii) Contingencies .. 2,161-0-0.

(iv) Purchase of Stock articles .. 14,783-0-0.

Total Rs. 132,844-0-0

As submitted already the monsoon provision has been in the budget estimates for 1957-58. This is included in the Second five year plan and is eligible for subsidy upto 50%.

Expn 23/4/57

5) The staff employed is not at all in proportion to the work involved and there is very little justification for the continuance of this staff. The C.C.F. should have given some justification for the continuance of both the scheme and the staff employed in that behalf.

6) 'Enumeration' is a type of work which can be entrusted to the lower strata of the Service and does not require any highly qualified staff for the purpose.

7) Definitely there is no case for the continuance of the DFO. and the Rangers. The other staff provided may be agreed to and they may be attached to the respective territorial divisions the responsibility for completing the work

Serial No.

being entrusted to the D.F.O. of the respective regions.

8) The scheme, it is doubtful, can ever be revenue yielding and it is very difficult to assess the work of the type that is undertaken under the scheme. It is also doubtful if the scheme can be eligible for the subsidy from the Govt of India.

9) If approved the C.C.F. may be requested to state if the work cannot be entrusted to the existing territorial staff with slight additions and why he requires such a large staff for the purpose. He may also be requested to indicate the immediate or future length of the scheme and whether the authentic progress of the scheme can be watched and reported to Govt quarterly.

10) This does not seem to be a scheme that requires to be recommended either to the T.C. or the Planning Department without proper justification and further details in the matter.

S.C. Pandey
1.5.57

11) Working Plans for unorganised forests is necessary as without it no scheme could be worked. But the staff seems to be top-heavy. The staff required may be given but in regard to officers it is felt that a senior Range Officer under the direction of DFO must be able to manage with one other senior Ranger, instead of 4 Rangers.

Note.—Contn. Sheet

4

File No. AFD 11 FYP of 1957.

Mysore Government Secretariat

Serial No.

12) The C.C. Jt will be consulted on this point. Draft accordingly

13) Discussed with the Additional Revenue Book.

14) In regard to the staff, it is represented that the full staff asked for is quite essential. The unorganised forests that are represented to be scattered. The Ranger will deal from different parties & DFO is said to be required for overall supervision. It is said that whether it is profitable or not, a working plan is necessary as to what its potentialities cannot be known. I am told that the scheme is in progress with the above staff & we can continue, sanction this for one year. & ask CC. Jt to scrutinise consider the question of continuing the operations during 58-59 & report by 15th Jan. 58. If the Secy agrees consent of Plans & F&D may be obtained. There is a demand for 14783 for dead stock articles. This may be reduced to Rs 4000/- as they have managed without this so far.

Secy Asst.

15) I agree with the remarks made by the Dy. Secy. Whilst it cannot be denied that the Kanara Forest have tremendous potentialities from the ~~Revenue~~ point of of view of revenue and material, we must have some concrete justification for carrying on with this scheme. The CCF will have to point out whether as a result of enumeration he has been able to open up fresh areas for exploitation and if so with what results.

Second five year plan - Rehabilitation of forest areas - Scheme for revision of the unorganised forests in South Kanara.

AFD 11 Apr. 57

Planning Dept.

16). The Scheme for rehabilitation forest areas (degraded forests) is included under second five year plan (Copy of the plan programme for 57-58 page 30, item 1) A sum of Rs. 1,42,800 has also been provided in the budget estimates for 57-58). (page do., item 2 in the Copy of the budget estimates for 57-58). The Scheme is also eligible for central subsidy upto 50% of the actual expenditure (page 19, item IX of the Copy of the central assistance) The amount required for the scheme for 57-58, is only Rs 1,32,844 As this is a conservation scheme and the budget for the same has been provided, this may be agreed to and the papers may pass on to FD.

RETRANSMITTED:

19 2. In this connection, I enclose herewith a copy of the letter No.C/XI-203 dated 12-7-1957 from the Divisional Forest Officer, Working Plans, Kanara and copy of the Conservator of Forest, Belgaum's endorsement No.24/FYP./17/902 dated 15-7-1957.

20 3. The points raised in paras 11,14 and 15 of the U.O.Note have been fully discussed by the Divisional Forest Offier and they are self-contained. In view of this and also in view of the facts reported by the Conservator of Forests, Belgaum Circle it is recommended that the Government may kindly be moved to accord their sanction to the continuance of the Scheme with the existing staff during this current financial year.

2 AUG 1957

21 4. The schemes mentioned in ultimate para of paragraph 5 of the Divisional Forest Officer's letter will be submitted to Government while submitting proposals for the continuance of the scheme during 1958-59.

CHIEF CONSERVATOR OF FORESTS.

The Secretary to Government,
Agriculture and Forest Departments,
Bangalore.

22 Diary no 7377.

23 Paras 15 and 17 are for perusal. The reports of the DFO & the CCF Belgaum appear to fully justify the need for the staff proposed for the continuance of the scheme. Last sentence of DS's note in Para 14 and in respect of "Dead Stock" is for perusal. In this connection, position S/L "A" on page 25 C.F. may be perused for ahead.

2/8/57

24) The proposal for continuing the work during 57-58 at a cost of Rs 1,32,844 may be approved. After enumeration, the can be methodical exploitation of soft-wood & firewood. The demand for soft-wood is increasing. The full amount asked for dead stock may also be allowed.

1/3

46 The scheme for Rehabilitation of Forests was sanctioned very recently in the month of September 1957. If there was real need for the articles in question, a purchase of the same should have been thought of even when the original proposal was sactioned in September 1957. The financial year 1957-58 is drawing to a close very shortly and it is very unlikely that these purchases can be made, after following the prescribed procedure, before the close of the financial year. It is also seen from the papers now put up that there is a proposal for the purchase of a portable Type-writer costing Rs.400/- and a Ceiling Fan for office use at a cost of Rs.600/-. There is also a proposal for purchase of a high speed Camera at a cost of Rs.1,000/-. Supply of Type-writers will have to be made in the ordinary course by the Director of Printing & Stationery by sending a requisition to him and not by direct purchase. Similarly the provision of Ceiling Fan for office use will have to be made by sending a requisition to the Public Works Department who will make necessary arrangements in this behalf. The necessity for purchase of a Camera has not been made out. The Administrative Department is therefore requested to examine the above points and put up the papers again, if there is real necessity for the purchase of above articles as proposed, pointing out the source from which the expenditure is to be met during the next year namely 1958-59.

Sir,

SECRETARY TO GOVERNMENT
No.....
13 APR 1957
HOME F

Sub: Second Five Year Plan - Rehabilitation of Forest Areas - Scheme for revision of the unorganised Forests of Kanara.

.....

I have to enclose herewith a scheme for review of the unorganised forests in Kanara ~~Division~~ District for favour of sanction.

2. The scheme was sanctioned by the Government of Bombay in A & F Department No.FDM/1055/128303/E dated 31-5-1956 and FDM/1055/77038/E dated 9-8-1956 and has been implemented during 1956-57. The total cost of the scheme for the plan period has been estimated at Rs.4,39,000/- and an amount of Rs.1,05,451/- has been already spent during 1956-57. During 1957-58, an amount of Rs.1,32,844/- will be required provision for which has been made in the budget estimates for 1957-58. The details of expenditure for 1957-58 is furnished in appendices A to D of the scheme. Programme for the remaining years of the plan will be submitted in due course. It is therefore requested that Government may kindly be moved to accord their sanction to the continuance of the scheme during 1957-58.

Yours faithfully,

for CHIEF CONSERVATOR OF FORESTS.

d. Development Schemes in the Second Five Year Plan.

SCHEME FOR REVIEW OF THE UNORGANISED FORESTS IN KANARA DISTRICT. DRAWING UP OF WORKING PLANS.

Kanara Working Plans Division, Belgaum.

INTRODUCTION.

For assessing the timber bearing potentialities of the unorganised forests of North Kanara District, their economics and capacity to yield other minor forest products, Government in Agriculture & Forest Department of Bombay were pleased to sanction during 1955-56, the scheme for organising the unorganised forests of North Kanara District under their letter No.FDM-1054-E of 16-11-1955 and accorded continuance of the same for the year 1956-57 under their letter No.FDM/1055/128303-E of 31-5-1956; and FEM-1055/77038-E of 9-8-1956.

2. The extent of the unorganised forests in North Kanara District and its distribution in various forest Divisions is given below.

Division	Total forest area in Sq.Miles.	Organised area in Sq.Miles.	Un-organised area in Sq. miles.	Remarks. (Area that needs enume--ration.)
1	2	3	4	5
Kanara N.D.	884	568	316	-
Kanara E.D.	1061	757	304	250
Kanara W.D.	1056	407	649	600
Total.	3001	1732	1269	850

3. The unorganised forests of the North Kanara District are 1269 Sq.Miles in extent, out of which an area of 316 Sq.Miles of Kanara Northern Division, forming the western limits of the Division has been stock-mapped, and it has been found that enumeration survey of these areas, would be un-economic. The remaining area of 953 Sq.Miles from the Kanara Eastern and Western Divisions, were neither inspected nor enumerated. It is roughly estimated that approximately 850 Sq.Miles out of 953 Sq. miles of unorganised forest areas may need enumeration & Survey, the remaining area requiring to be covered only by inspection and stock-mapping.

NATURE OF THE TRACT.

4. The area covered by the unorganised forests of Kanara Eastern Division, form a continuous compact belt of the western parts of the Sirsi-Siddapur Range, while those of Kanara Western Division are scattered throughout all the Ranges of the Division, being separated by the blocks of the organised forests. The terrain is extremely mountainous, and is very frequently cut up by innumerable nallas, rivulets, rivers, often forming deep valleys. Over considerable part of the tract, evergreen types of forests commonly described as "tropical rain forests," containing tiers of vegetation, and ~~abduntly~~ abundantly infested by canes, climbers and palms, are commonly met with. The flora is rich, varied and extremely complex. In these regions some of the tree species attain very great dimensions. Much of the area is un-inhabited and devoid of any facilities for transport and communication.

ENUMERATION.-SURVEY WORK.

5. As pointed above an area of about 850 Sq.miles required enumerations. The object of these enumerations is to know the growing stock of all the species and obtain data so essential for exploring the possibilities of scientific exploitation of the forests. The advice of the Forest Statistician is taken for conduct of these enumerations approaching 10%, and the method adopted is known as "Stratified random sampling with strips as sampling units." Enumerations of all the species over 4" in diameter at breast height, are undertaken.

ACHIEVEMENTS.

6. According to the Government Resolution the work of review of un-organised forests in N.Kanara District was to have made a start, from 1st October 1955, but the belated sanction received from the Government, consumed a major portion of the fair season. The Division was opened on 12-12-1955, and the staff and the material provided for the work started trickling in slowly. Thus actual

enumeration survey work was started on 7-2-1956 in Sirsi-Siddapur Range of Kanara Eastern Division, and was closed on 31-5-1956 with the advent of monsoon showers. Thus during the financial year ending 31-3-1956, an area of 21.60SQ.miles was covered under enumeration survey work, at a cost of Rs.6373/-.

7. The scheme has also been continued during 1956-57 as per Government in Agriculture and Forests Department, letter No.FDM/1055/128303-E dated 31-5-56, and FDM/1055/77038-E dated 9-8-56.

8. During this year (1956-57), an area of 86.45 Sq. miles was covered under enumeration at a cost of Rs.19832-8-0, when further work was suspended from 16-2-1957 onwards, due to lack of funds provided during the year. Thus a gross area of 108.05 Sq.miles has so far been enumerated, and an area of 741.95 Sq.miles is still to be enumerated.

9. During the year 1957-58 works will continue in the remaining parts of the unorganised forests of the Kanara Eastern Division, which has an area of 141.95 Sq.miles still left over un-enumerated.

10. Anually an area of 70,000 acres, or 109.40 sq.miles is proposed to be covered under survey and enumeration, and therefore, a gross area of 280,000 acres or 437.60Sq.miles would be covered during the remaining period of the Second Five Year Plan, i.e. from 1957-58 to 1960-61. ~~The details of~~

An amount of Rs.1,05,451/- has been spent during 56-57.
An amount of Rs.1,32,844/- will be required during 57-58 as under:-

(a) Survey & Demarcation	46,725/-
(b) Establishment	69,175/-
(c) Contingencies	2,161/-
(d) Purchase of dead stock articles.	14,783/-
Total	1,32,844/-

For details, please vide appendices A to D.

21 9

11. There was provision for purchase of office furniture and dead-stock articles, during 1956-57. Kindly vide Govt. A.& F.D.Bombay No.S-68/68386-J dated 3-10-1956. However as it was not certain whether this Division would be continued during 1957-58, it was directed under ~~your~~ Conservator of Forests No.32/28/15689 of 14-2-1957 to postpone the purchase of dead-stock articles to next year. Necessary provision for dead-stock articles has, therefore, been made during 1957-58. Provision for purchase of raoties for the use of R.F.Os, Surveyors and Enumerators has been made in the estimate for 1957-58, as the purchase of raoties has become a necessity. A separate detailed report, in this respect, has been separately submitted for favour of according sanction for purchase of the same.

CONCLUSION.

12. The areas would yield varieties of utilisable timbers, provided the communication facilities are improved. Mostly softwoods, and some important hardwoods like Dipterocarpus, Calophyllum, etc., are available in evergreen forests. It is also possible to come across with some important species hitherto ~~hiter~~ unknown. In the semi-evergreen forests softwoods like Holigarna species, Alstonia scholaris, Salamalia malabarica, Mangifera indica etc., which are recommended for matchwoods, are available, and also ~~contain~~ species like Pterocarpus-marsupium, Terminalia tomentosa, Terminalia paniculata, Xylia xylocarpa, of hardwood utility, the latter extending their ~~imit~~ incidence considerably into the moist deciduous forests.

(S.H.Korlhalli)
Divisional Forest Officer,
Working Plans Kanara, Belgaum.

Below No.C/XI/203 of 12.7.1957 from the Divisional Forest Officer, Kanara Working Plans, Belgaum.

Subject: Review of the unorganised forests in Kanara District.

No.24/FYP/17/ 902 of 1957-58.
Belgaum, 15 July, 1957.

Submitted to the Chief Conservator of Forests in Mysore, Bangalore, with reference to his No.B1-68-1815-57-58 of 25.6.1957 and D.O. of even number dated 13.7.57.

2. The D.F.O's report is self explanatory and contains replies to all remarks raised by the Secretary and Deputy Secretary, giving full justification for the continuence of the scheme.

3. Prescriptions of the working plans for the forests are the foundations for the economic conservancy of the National wealth and its utilisation on sustained yield basis, and as such the work of preparation of the working plans is the most important work in this Department. So it cannot be entrusted to the junior Rangers promoted departmentally. For the reasons stated by the D.F.O. in his para 4, the appointment of trained Rangers in the enumeration party is considered quite essential.

4. The total area to be gone over is 850 Sq.miles and the actual enumeration work is to be done in 10% of this area which works out to 85 Sq.miles. According to the data given by the D.F.O. in his para 5, a single party consisting of one Ranger, one Surveyor, two enumerators and 22 labourers can enumerate roughly 2.2 Sq.miles a year. The present 5 parties can do enumeration work in roughly 11 Sq.miles. From this it is clear that the present staff itself is considered insufficient to cope with the works as detailed in the scheme within the plan period. If the number of enumeration parties is reduced, it is bound to result in extension of the time required for completion of the work. So I cannot recommend any reduction in the present staff which is the barest minimum.

5. The work of collecting the data required for writing up of working plans requires more experience and in my personal opinion, the D.F.O. will be the proper man to do this important basic work. It is considered that it is not advisable to overburden the shoulders of the D.F.O., Working Plans, Belgaum, who has got already sufficient work at present. It is also considered essential to have a separate D.F.O. on this work as at present. I remember this post was created only after full justifications put forth by the Conservator of Forests, Research and Working Plans of the old Bombay State.

6. In view of all these ~~facts~~ facts, I strongly recommend the continuance of the scheme with the present staff in the interest of preservation and economic utilisation of the State Wealth.

N.S. Kaikini

Letter.

Subject : Review of the unorganised forests in Kanara District.

No.C/XI/ 203 of 1957-58;
Belgaum; 12th July 1957.

To

The Conservator of Forests,
Belgaum Circle,
Belgaum.

Reference : Your No.24/FYP/17/4229 dated 4th July 1957.

Triplicate.

As desired, this subject has been discussed with the Divisional Forest Officer, Working Plans, Belgaum Circle, in detail and my report is as under:-

To start with this problem has to be solved with reference to two issues Viz.

i) Whether this Scheme of organising the unorganised Forests of North Kanara should continue or not, and secondly

ii) If it is to continue, whether the present staff is adequate or superfluous.

2. It was at the instance of Bombay Government that it was decided to organise the unorganised forests of North Kanara not later than December 1955. Accordingly a detailed Scheme was put up by the then Divisional Forest Officer, Working Plans, S.C. - Shri G.R.Mavinkurve under No.D/XI/344 dated 10-2-55, wherein detailed proposals as regards cost involved and staff required were put forth. It was clearly pointed out in the last para of this report that the huge out-lay to be spent on this project will not have quick return in the immediate future. In addition it was opined that unless means of communications developed in this tract, and the market for soft-woods improved, there is every likely-hood of keeping the Working Plans (to be drafted) in cold storage for a good length of time. While forwarding this Scheme to the Chief Conservator of Forests, B.S. Poona; the Research & Working Plans Conservator of Forests, then had clearly pointed out in the last para Vide No.A/38/1909 dated 21/22-2-1955, that this large out-lay in organising the unorganised areas is likely to remain locked up without any return at least for about a decade till such time when the communications and market conditions are improved. Same point was once again stressed by the Conservator of Forests, R.& W.P.Circle, Poona, vide No.A/38/151 dated 27-4-1955, while furnishing additional information about staff employed in the past on similar works. Basing on these reports, this Scheme was recommended to Government of Bombay by the Chief Conservator of Forests, B.S., Poona, vide No.37/A/(a)844 dated 25-5-1955, which was finally sanctioned by Government in A.& F.D.Letter No.FDM. 1055-E of 16-11-1955, and was continued during 1956-57 under their Letter No.FDM./1055/128303-E dated 31-5-56; and FDM-1055/77038-E dated 9-8-1956.

3. Consequent to the reorganisation of States, there have not been any changes in circumstances which either effect the communications or market conditions as regards implementation of this Scheme.

2823

Thus the original recommendations of the author of this Scheme still hold good. Generally all Forest Development Schemes are slow to yield returns, and this is no exception. The present work of enumerations if continued and completed, shall provide us with factual data for our future Working Plans, which are likely to give scope for greater utility of soft-woods and replacement of the present stock by more useful species. None can gainsay this positive advantage. So far 108 Sq. miles of unorganised forests in Eastern Kanara Division have been enumerated and work on the following two items is under progress as regards this enumerated areas.

(a) Writing Fuel Supply Scheme for Sirsi Town.

(b) A Scheme for the exploitation of Soft-woods from block VIII-12.

The Scheme at (a) shall be an item of utility to the public in the immediate future, while the other at (b) shall furnish data for further proposals for working these forests economically. In view of this it is felt that the present Scheme should be continued as it has brighter prospects in years to come, when conditions of market and communications improve.

4. Now once the question of continuing this Scheme is settled, we can think about the staff required. To appreciate this point in the right perspective, it is necessary for one to know the type of forests under which the exploratory works are to be carried out. These forests are the tropical rain forests with luxurient growth of trees, climbers, shrubs and canes etc. The vegetation is so thick that it is difficult to move in these areas freely. Often times the visibility is so bad that one has to suddenly encounter with wild animals & reptiles. The land is cut up by deep ravines and gorges and slopes sometimes precipitous. All these factors are against doing maximum work. The most important work that is being done at present is taking notes for stock mapping, enumeration of 10% area and identification of the species which is really a very complex issue. The primary unit for carrying out this work is the enumeration party consisting of one Surveyor, 2 Enumerators and 22 coolies. Such a party necessarily needs to be in charge of one Ranger, because of the following reasons :-

(i) Proper checking of the Surveyor's work.
(ii) Identification of species, and collection of botanical specimen and training the labour with field characterstics of common species.
(iii) Timely payments to all the labourers.
(iv) Taking notes about upper and lower canopy vegetation for stock mapping purposes etc., and Compartment descriptions.
(v) Fixing camping places, advance inspections of forests for enumerations and survey, and supervision of camp shifts.
(vi) Labour management in field and camp.

5. One Ranger cannot supervise the work of two enumeration parties as it shall not be practicable for him to reach different centres in such difficult terrain and to guide them. Practically the Range Forest Officer is with the party throughout the day, which results in 50% checking and a greater efficiency in working speed. Thus it is seen that the staff now sanctioned per party Viz. 1 Ranger, 1 Surveyor, 2 Enumerators, and 22 labourers is the skeleton staff, and should not be curtailed in any way. Once the strength of one .....

Enumeration party is fixed, it is the time factor only which controls the No. of parties. From experience it is seen that ~~such a~~ a single party cannot enumerate more than 8 acres per day, and it means it can enumerate 200 acres in a month of 25 working days, and 1400 acres in a year of 7 working months, (2.2 Sq.miles roughly,) and the present 5 parties can tackle roughly about 11 Sq. miles a year. The area to be enumerated is vast Viz. 880 Sq.miles and 10% of this works out at 85 Sq.miles. At this rate to complete this enumeration survey alone it shall take 8 - 7 years at least with 5 parties. To control and coordinate the activities of these 5 Enumeration Parties, one Divisional Forest Officer, is quite essential. Therefore, it is seen that the existing strength of this special Division, of 1 Divisional Forest Officer, 4 Range Forest Officers, 1 Ranger Surveyor, 4 Surveyors and 10 Enumerators is minimum and needs to be continued without any grouse, if the work has to proceed with normal speed. Thus the present strength is not top-heavy, but is the barest minimum. If number of enumeration parties is cut short for any reason, it is bound result in extension of time required for completing the enumeration work. It is suggested that, if this enumeration survey has to be completed within the next two or three years this staff has to be doubled; as was pointed out in the original Scheme for creating two Divisions.

Para 11. The existing staff of this Division is not top-heavy, but is the barest skeleton required for efficient conduct of enumerations. This point has already been dealt with in detail above.

Para 14. Justification for the continuance of this Scheme during 1958-59 and onwards is given in the next para. As per the Scheme, an indent for dead-stock articles worth Rs. 14783/- has been put up. As this Division is created anew, all items are absolutely essential and specially the camp furniture and tentage is a necessity. Without tents, the executive staff cannot camp far away from the habitations and roads, and without doing so, it is well nigh impossible to carry out the enumeration works. It has been opined that the amount may be restricted to only Rs.4000/-. This little amount will not suffice for the dire needs, as work in the field connected with survey and mapping cannot be executed satisfactorily. For the last two seasons one Swiss-cottage tent and 5 racties, which were borrowed from other Divisions were used as there was no alternative; though these were torn and unfit for proper use. The present condition of these tents and furniture is such that they cannot be used during the ensuing fair season. Therefore, if this work is to be proceed satisfactorily the minimum requirements of dead-stock worth Rs.14783/- may kindly be got sanctioned by Government.

Para 15. It is a fact that Kanara forests are a great potential source of revenue and material. These unorganised forests mainly contain soft-woods and a few hardwoods. 10% enumeration survey has been carried out and completed over an area of 105 Sq.miles and the results are being tabulated. As per the suggestion of the Chief Conservator of Forests, Mysore,

Bangalore, an area comprising Block VIII-12 has been selected for extraction of plywoods and matchwoods. In this connection a Scheme is being drafted shortly. Secondly out of the enumerated unorganised forests round about Sirsi Town, a Fuel Supply Scheme is also being prepared for supplying fuel to Sirsi Town. Both these Schemes could be implemented during the ensuing fair season. If the reponse from Plywoods and Matchwoods Market for the material to be extracted from VIII-12 is encouraging; then further Schemes could be drawn on extensive scales. This necessiates the completion of enumeration survey over the remaining areas.

6. Question of staff was discussed with the Divisional Forest Officer, Working Plans, Belgaum Circle, in detail and he is of the opinion that in addition to his current duties, it is not practiable for him to undertake the work of this Division. He feels, he may be able to take up this work after 1961 only and not earlier.

7. It is hoped that all facts pertaining to this Division, and Scheme as obtainable from the records of this office have been placed before you for taking necessary further action.

(V.N.Nadgir)

No.B-1-68-1815/56 of 57-58

Chief Conservator's Office
Bangalore, dated 14 11-1957.

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Review of the unorganised forests in Kanara District.

Adverting to G.O.No.AFD 11 FYP 57 dated 13-9-57 I forward herewith a copy of the Conservator of Forests, Belgaum's No. 24/FYP/17/1860m dated 18-10-57 together with a copy of the District Forest Officer, Kanara Working Plan's No.C/VI/382 dated 9-10-57 accompanying it.

2. The execution of the scheme has been sanctioned by Government at an estimated cost of Rs.1,32,844/- while the budget provision available for the scheme is 1,42,800/-. Thus a surplus amount of Rs.9,956/- is available after meeting the amount of Rs.1,32,844/- sanctioned by Government for the execution of the scheme.

B.K.I (4) Page 21 of Budget Copy

3. The Conservator of Forests, now reports that an additional amount of Rs.1,398/- is required for the works mentioned in the District Forest Officer's letter and states that this amount will be met from the surplus amount of Rs.9,956/-. I therefore request you kindly to move the Government to sanction this additional expenditure of Rs.1,398/- for the reasons stated by the Conservator of Forests.

Yours faithfully,

(K.KADAMBI)
Chief Conservator of Forests.

AS/13/11.

Below No.C.VI/382 of 9-10-57 from the Divisional Forest Officer, Kanara Working Plans, Belgaum.

Sub:-Budget allotment during the year 1957-58 for the schemes under the Second Five Year Plan

No24/FYP/17/1860 of 57-58
Belgaum, 18th Octr. 1957.

Submitted to the Chief Conservator of Forests in Mysore, Bangalore.

2. The total amount made available for this scheme under your No.CI/6-310/57-58 is Rs.1,42,000/-. As per the scheme sanctioned the requirement will be Rs.1,32,844/- for the expenditure during 1957-58. Out of this total provision of Rs.1,42,000/- made available for the scheme in your above letter the amount Rs.1,33,400/- (Rs.1,32,844/- plus Rs.556 required by the D.F.O. for payment of water allowance) was made available to the D.F.O.

The D.F.O. now reports that he requires additional funds to the extent of Rs.1,398/- for the purchase of stores etc. So the total requirement of the D.F.O. during 1957-58 will be Rs.1,34,798/- for the scheme. This amount of Rs.1,34,798/- will be met from the total provision of Rs.1,42,000/- made in your above reference, which may kindly be approved. The balance amount of Rs.7,202/- will not be required by this circle.

Sd. N.S.Kaikini
Conservator of Forests,
Belgaum Circle.

Copy of letter No.C/VI/382 dated 9th Octr. 57 from the D.F.O. Working Plans, Kanara, Belgaum to the C.F. Belgaum.

Sub:-Budget allotment during the year 1957-58 for the schemes under the Second Five Year Plan.

Ref:-Your No.24/FYP/20/9393 dated 7-10-57.

As per the scheme submitted in this office No.XI/573 dated 27-3-57 an amount of Rs.1,32,844/- is required for expenditure during 1957-58 on account of pay etc., of staff, Survey and enumeration work, contingencies, and purchase of stores etc. However, as pointed out in the meeting held on 22nd and 23rd July 57 in Conservator's Office an extra amount of Rs.556/- was added in the statement of proposed budget grants to meet expenses incurred on Water Allowance, bringing the total allotment for this Division to Rs.1,33,400/-.

2. However, it was later on noticed that amount required for purchase etc., of the following items was not included in the provision made for purchase of stores etc., in Appendix 'D' accompanying the scheme.

P.T.O.

S.No.	Name of work	Amount required.
1.	Amount for purchase of survey instruments as reported in this office No.C/XVI/236 dated 27-7-57.	647.00
2.	Amount for payment of invoice bill No.237/28-2-57 by Book Transfer, preferred by the Executive Engineer Presidency Division, Bombay for supply of 5 Nos. of Measuring chains. This Bill is not adjusted so far as per the instructions from the Accountant General, Mysore.	350.31
3.	Amount for purchase of a portable type-writer.	400.00
	Total	1397.31

These additional funds were requisitioned as per instructions issued in your Nos.32/28/6018 of 25-7-57 and 26/FYP/20/5584 of 15-7-57. The exact amount required for purchase of stores etc., during the year 1957-58 it is regretted, cannot be stated now, till the proposals submitted by this office for purchase of furniture, tents instruments, etc., are finalised.

The report is submitted in duplicate as desired.

OFFICE OF THE CHIEF CONSERVATOR OF
FORESTS IN MYSORE
BANGALORE DATED THE 18 FEBRUARY, 1958.

No.B1/68-1815/56
Encls. Two.

To

The Secretary to Government of Mysore,
Agriculture & Forest Departments,
Bangalore.

Sir,

Sub: Forest Rehabilitation Scheme - Proposal for purchase of instruments and stores to utilise some funds out of those to be surrendered.

Ref: Your No.AFD-11-FYP/57 dt. 12-9-57.

MYSORE GOVERNMENT SECRETARIAT
NO. 2377
19 FEB 1958
ANIMAL HUSBANDRY & FOREST BRANCH

In the above Government letter, the execution of the Forest Rehabilitation Scheme has been sanctioned at an estimated cost of Rs.1,32,844-00 while the budget provision available for the scheme is Rs.1,42,800-00. Further, the Conservator of Forests, Belgaum has separately surrendered an amount of Rs.28,686-00 out of the sanctioned amount of Rs.1,32,844-00 for the reason that no survey and enumeration works could be done during the months of April and May 1957 for want of sanction to the continuance of the scheme and allotment of budget grants. He has, therefore, proposed to utilise an amount of Rs.8,200-00 out of the total amount of Rs.28,642-00 proposed to be surrendered to purchase some dead stock articles which are essentially required for field work. A copy of the letter No.C/XVI/572 dated 22/24-1-1958 of the Divisional Forest Officer, Working Plans, North Kanara received with the Conservator of Forests, Belgaum's endorsement No.24/FYP/17/2906 dt. 30-1-1958 is enclosed herewith in this connection.

2. Under the circumstances, explained above, I request you kindly to move Government to accord their sanction to the purchase of the dead stock articles as detailed in the District Forest Officer's letter and communicate the Government orders very early so as as to enable the District Forest Officer to purchase the articles before the close of the financial year.

Yours faithfully,

for Chief Conservator of Forests.

NS.15

FOR CHIEF CONSERVATOR OF FORESTS

Letter.

Subject : Proposal for purchase of instruments and stores to utilise some funds out of those to be surrendered.

No. C/XVI/ 572 of 1957-58;
Via Belgaum; 22nd 24th January 1958.

To

The Conservator of Forests,
Belgaum Circle,
Belgaum.

As suggested by you personally in your recent camp at Sirsi, I propose to purchase the following instruments and stores with a view to utilise ~~some~~ some funds out of those which have been sanctioned under the Scheme "Drawing up of a Working Plan for the unorganised forest of the North Kanara District", which are required to be surrendered as excessive.

Sr.No.	Name of article.	Estimated value. Rs.
1.	Abneys levels 6 Nos.	1200. 00
2.	Durries for raoties 12 Nos.	720. 00
3.	Tarpaulins of 15' x 12' 30 Nos.	1500. 00
4.	High speed camera 1 No.	1000. 00
5.	Binoculars 6 Nos.	1800. 00
6.	Rifle 1 No.	1000. 00
7.	Vasculum boxes 12 Nos.	75. 00
8.	Drawing materials (those which are not supplied by the Director of Printing & Supplies).	100. 00
9.	Ceiling fan for Office use 1 No.	600. 00
10.	Purchase of mounting papers and blotting papers for preservation of botanical specimens.	100. 00
11.	Purchase of books on Botany.	100. 00
	Total	8195. 00

Say Rs. 8200/-

2. I, therefore, request you kindly to move the higher authorities to accord early sanction, at least by end of February 1958 to enable me to proceed further in the matter and utilise the funds accordingly. In the mean-while I am obtaining the rate quotations etc. in this regard, from the available sources.

3. The report is submitted in triplicate for favour of doing the needful.

Sub:-Sanction of Government for the purchase of High Speed Camera - protable Typewriter and ceiling fan.

Ref:-Your No.FADII-744 dated 4-7-7-58.

All the articles sanctioned in Govt. order No.AFD/11 FYP 57 dated 13-6-58 pertains to Kanara Working Plans Division of Belgaum Circle.

2. While submitting proposals to Government the estimated cost of the articles as reported to Government is noted below:-

High Speed Camera	Rs.1000/-
Ceiling fan	600/-
Portable Typewriter	400/-

3. The Divisional Forest Officer, Kanara Working Plans will be asked to purchase the above articles in the normal manner i.e. the Typewriter will be obtained from the Director of Printing and Stationery by sending a requisition to him while the Ceiling fan from the Public Works Department by sending necessary requisition to that Department. As regards the high speed Camera the D.F.O. is being asked to purchase the same through S.P.C.

Yours faithfully,

Sd/(K.KADAMBI)
Chief Conservator of Forests.

Agriculture & Forest Department,
Bangalore.

A. & F. DEPTT., CO-OPERATION BRANCH

Sir,

Sub:- Forest Rehabilitation Scheme - Review of the Unorganised Forests of North Kanara District.

MYSORE GOVERNMENT NO. 3976 27 APR FORESTS BRANCH

In forwarding herewith a copy of the Endorsement No. 24/FYP/17/4240 dated 13/16-3-1959 from the Conservator of Forests Belgaum Circle together with a copy of the Divisional Forest Officer, Kanara Working Plans' letter No. C/XVI/752 dated 10-3-59 accompanying it, I write to state that the purchase of the following articles was sanctioned by Government at the prices noted against them as follows:-

Name of the articles.	Govt. sanction No. & Date.	Price sanctioned.
(i) High Speed Camera.	AFD-11-FYP-57 dated 13-6-1958. slip x	Rs. 1,000/-
(ii) Shot Guns (Five).	AFD-22-PUE-58 dated 2-7-1958. slip y	Rs. 1,100/-
(iii) Bino-Gular.	AFD-57-AFT-58 dated 21-8-1958. slip z	Rs. 300/-

As against the prices sanctioned, the following prices have been quoted by the approved firms communicated by the Stores Purchase Committee for the above articles.

(i) High Speed Camera.	Rs.	3,050-00
(ii) Shot Guns.	Rs	2,625-00
(iii) Binocular.	Rs	300-00

2. The Divisional Forest Officer has already placed orders for the purchase of the Shot guns and Binocular for the prices quoted against them for the reasons detailed in his letter in anticipation of Government sanction to the revised prices. I request you to obtain and communicate the sanction of Government to the purchase of the above articles at the revised prices. As regards the purchase of the High Speed Camera, the price of Rs. 3,050/- quoted is too high and I do not consider it necessary to go in for the purchase of such a costly camera. I am therefore instructing the Conservators of Forests to purchase a camera of some other make available at a cost not exceeding Rs. 1000/-.

Yours faithfully,

(K. KADAMBI),
Chief Conservator of Forests.

DVP/8/4

Below No.C/XVI/752 of 10-3-1959 from the Divisional Forest Officer, Kanara Working Plans, Belgaum.

Sub:-Forest Rehabilitation Scheme - Review of the Unorganised Forests, North Kanara District - Formation of a 5th Working Party.

No.24/FYP/17/4240 of 1958-59.
Belgaum, 13th March 1959.

Submitted to the Chief Conservator of Forests in Mysore, Bangalore with reference to his No.B-1/13/295 dated 21-2-1959.

2. Under the circumstances reported by the Divisional Forest Officer, his action in placing orders for purchase of Binocular and D.B.B.L shot guns 2-3/4" chamber in anticipation of sanction may be ratified. Orders to purchase a High Speed Camera in anticipation of Government sanction may also kindly be issued telegraphically. The Divisional Forest Officer may also be permitted to go to Bangalore for purchasing the camera.

(N.S.Kaikini)
Conservator of Forests,
Belgaum Circle.

Letter. Subject: Forest Rehabilitation Scheme- Reveiw of the Unorganised Forests, North Kanara District - Formation of a 5th Working Party.

No.C/XVI/752 of 1958-59;
Belgaum, 10th March, 1959.

To

The Conservator of Forests,
Belgaum Circle, Belgaum.

Reference: Your No.24/FYP/17/18214 dated 27th February 1959.

As regards the prices of the dead stock articles sanctioned for the use of this Division I write to state as under :-

2. The costs of the dead stock articles reported in this Office No.C/XI/55 dated 15-1-1959 are approximate (except in case of High Speed Camera) and were based on local enquiry, since no price was offered for these dead-stock by the approved firms and dealers as recommended by the Secretary, Stores Purchase Committee, Bangalore. It seems that the rates sanctioned by Government were based on the rough estimated amounts reported by this Office some two years back. Since the prices of the articles in question are fluctuating and rising every day it has resulted in much difference in the rates than estimated and the present market rates.

3. The particulars of the prices etc., recently offered by some of the approved dealers recommended by the Secretary Stores ~~Kxxx~~ Purchase Committee, Bangalore are as under :-

High Speed Camera: (Govt. Purchase sanction on AFD.11 FYP-57 of 12.6.58).

Shri. E.G.K. & Sons, Photographers and Dealers of Bangalore has offered to supply a still camera of the following description at the cost shown below :-

(1)	Leica M3 Camera with summicron f/2 lens and leather case without exposure meter	Rs. 2800.00
(2)	Sales tax at 7% and packing and forwarding charges extra approximately	Rs. 250.00
	Total	Rs. 3050.00

The other firms and Dealers reported by the Secretary, Stores Purchase Committee, Bangalore have regretted their inability to supply this article. It is learnt that Leica Camera is the best one and preferable to any other for use. Since the price as detailed above is quoted by an approved dealer and as there is sufficient amount available, out of the sanctioned grant for the purchase of camera, I request that immediate orders may kindly be issued to place an order in this respect in anticipation of Government sanction.

P.T.O.... 2

Since this will be a costly article instructions are solicited to make the purchase by the undersigned personally after going to Bangalore.

Binocular. (Govt. Purchase Sanction no. AFD. 57 AFT. 58 of 2-8-58)

Except the Calcutta Machine Tools Corporation, Hardware and Machinery Merchant, Bangalore the other approved dealers have regretted their inability to supply this article. The price quoted by Calcutta Machine Tools is as under. It is reported that Binocular of Zeiss make is not available.

(1) Binocular high quality with Powerful glasses ... "B.T.Kraus" brand France make 7/50.	Rs.	650.00
(2) Sales-tax packing and forwarding charges.Approximately....	Rs.	15.50
Total	Rs.	665.50

In anticipation of your kind approval and Government sanction I am placing an order for the supply of this article with a view toutilise the funds available for this purchase.

Shot Guns S.B.B.L. 12 Bore. (Govt. Purchase Sanction no. AFD. 22 PUE dated 2-7-1958)

None of the approved dealers is having a stock of these shot guns. However as per instructions issued under No.A-4-30-436/57 dated 13-12-1958 from the Chief Conservator of Forests, in Mysore, Bangalore enquiry was made with the Superintendent, Ammunition Factory, Kirkee and with the Superintendent Rifle Factory Ishapore West Bengal. The former had requested to refer the matter to Ishapore Factory. Intimation by a Savingram has been received to-day (10-3-1959) from the Superintendent, Rifle Factory, Ishapore as Under :-

" Refer your telegram dated 3rd March. Cannot offer S.B.B.L. Shot gun. D.B.B.L. shot gun 2-3/4" chamber available price Rs. 485/- each. Confirm acceptance and quote accounting head for cost adjustment and Railway Station telegraphically."

The cost of the five shotguns sanctioned for the use of this Division will work out at the above rate as under :-

Cost:- 5 x Rs. 485 =	Rs.	2,425.00
(Packing and forwarding) charges approximately) =	Rs.	200.00
Total	Rs.	2,625.00

There is sufficient amount available out of the sanctioned allotment of Rs. 1,00,000/- for the purchase of shot guns and hence in anticipation of your kind approval and Government sanction I am accepting the offer and going in for the purchase in view of the very limited time on hand and with the intention of fully utilising the funds available instead of allowing the same to lapse. On enquiry with the local dealer it is learnt that the D.B.B.L.shot guns offered by the Superintendent Rifle Factory, Ishapore are of best and superior quality. Besides the rate offered is also very reasonable and competitive. Such shot guns are not available at this rate in market.

P.T.O....3

I request you, therefore, kindly to recommend the action taken by me and obtain and communicate the sanction of the higher authorities at an early date. The orders solicited in x respect of the purchase of High Speed Camera may also kindly be issued very early to enable this Office to purchase the same before the end of the current financial year.

The report is submitted in triplicate for doing the needful.

(S.C.Thippeswamy)
Divisional Forest Officer,
Working Plans, Kanara, Belgaum.

Copy submitted to the Conservator of Forests, Working Plans and Development Circle, Bangalore-1 for information.
